PROPOSED ORDER

An order of the Marriage and Family Therapy, Professional Counseling and Social Work Examining Board to repeal chapter MPSW 8 and MPSW 14.03 and to repeal and recreate chapter MPSW 19.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: § 457.22, Wis. Stats.

Statutory authority: §§ 15.08(5)(b) and 457.22(1), Wis. Stats.

Explanation of agency authority:

The examining board shall promulgate rules for its own guidance and for the guidance of the professional.

The examining board may promulgate rules establishing requirements and procedures for social workers, advanced practice social workers, independent social workers, clinical social workers, marriage and family therapists, and professional counselors to complete continuing education programs or courses of study in order to qualify for renewal of their credential.

Related statute or rule: § 457.22, Wis. Stats.

Plain language analysis:

This rule combines the three current chapters on continuing education into one chapter which covers social workers, advanced practice social workers, independent social workers, clinical social workers, marriage and family therapists, and professional counselors.

Sections 1 and 2 delete the social worker and professional counselor continuing education requirements.

Section 3 repeals the marriage and family therapist continuing education requirements and recreates the new chapter which covers all professionals credentialed by Board.

The new chapter begins with definitions for the chapter.

The next section lists the continuing education requirement at 30 hours with at least 4 of those hours in ethics. As to ethics, marriage and family therapists would need to take ethics related to their profession only unless credentialed by another section, and social worker ethics would need to be taken in an interactive learning format, which is defined. Continuing education is not required during the initial licensure period. Continuing education may not be applied to a different credential period, nor may continuing education taken as a result of a disciplinary action be counted.

The next section indicates how continuing education may be earned. Continuing education may be earned through approved program providers; postgraduate courses; in house trainings; presenting or developing professional materials for approved programs; presentation of undergraduate or graduate education; authorship of published textbook or article; and authorship of alternative or electronic media or computer software.

The next section delineates the requirements for postponement and waivers for hardships and exemptions due to retirement. If a person retires and then returns to practice, continuing education would need to be completed.

The last section of the chapter requires that records be retained for a minimum of 4 years and that audits may be conducted to determine compliance with the continuing education requirements.

Section 4 is the effective date of the rules, which is the first day of the month following publication in the administrative register.
